WINTER MALL

Indoor Snow & Ice Entertainment Park

Bringing Winter to West Africa

VISION

To pioneer Africa's first indoor snow park network, building the leading experiential entertainment brand across Nigeria and West Africa.

MISSION

To deliver safe, world-class indoor snow experiences through strategic mall partnerships, operational excellence, and scalable entertainment infrastructure.

THE OPPORTUNITY

A First-of-its-Kind Family Entertainment Destination

Nigeria has:

- 200M+ population
- Young, entertainment-driven demographics
- Year-round hot climate
- No indoor snow or ice parks

Winter Mall introduces a unique, high-demand attraction with zero direct competition.

THE PROBLEM

Limited Premium Family Attractions

- Malls struggle with repeat foot traffic
- Families lack destination experiences
- Few indoor all-weather activities
- Kids & teens have limited recreation options

There is strong unmet demand for experiential entertainment.

THE SOLUTION

A fully indoor snow and ice park featuring:

- Snow play zones
- Ice skating rink
- Ice slides & snow games
- Food & beverage outlets
- Events & birthday hosting

Open 365 days a year regardless of weather.

SCALABLE MODELS

Designed to Scale with Demand

- **600m² — Pilot**
- **1200m² — Medium**
- **2400m² — Large**
- **5000m² — Flagship**

Start small → validate demand → expand.

TARGET AUDIENCE

- Families
- Schools & field trips
- Birthday parties
- Corporate events
- Tourists
- Music & Movie Industry

REVENUE MODEL

Diversified Income Streams

- Tickets & day passes
- Memberships
- Equipment rental
- Food & beverage
- Events & parties
- Sponsorship & naming rights

Multiple streams reduce risk.

LOCATION STRATEGY

Inside Existing Malls

Benefits:

- Built-in foot traffic
- Lower land cost
- Shared utilities
- Faster approvals
- Revenue-sharing partnerships

Reduces capital risk significantly.

GO-TO MARKET

Demand Generation

- School partnerships
- Birthday/event packages
- Influencer marketing
- Social media campaigns
- Seasonal promotions

Fast brand adoption expected.

WHY NOW

- Rapid mall expansion across Nigeria
- Rising middle-class leisure spending
- No indoor snow park competitors in West Africa
- First-mover advantage in an untapped category
- Shift toward experience-based entertainment

The window to lead this category is now — early partners capture the upside.

FINANCIAL MODEL 600m² — Pilot

Assumptions

PARK SIZE	600 m²
Daily Capacity	780 visitors
Occupancy (Conservative)	55%
Visitors / Day (Modelled)	430
Average Ticket Price	₦8,000

Revenue

ITEM	CALCULATION	AMOUNT
Daily ticket revenue	430 × ₦8,000	₦3,440,000 / day
Annual ticket revenue	× 365 days	₦1,255,600,000
F&B + events (20% uplift)	0.20 × ticket rev	₦251,120,000
TOTAL REVENUE		**₦1,506,720,000**

PROFIT SUMMARY

Total Revenue	₦1,506,720,000
Total Operating Costs (OPEX)	₦738,278,400
EBITDA	₦768,441,600 / year
Total Project Capitalization	₦7,500,000,000
Investor Payback Period	5–7 Years

High-margin, repeatable model.

FINANCIAL SCENARIOS

Conservative Planning

- ❄ Worst case → 6–7 years payback
- ❄ Base case → 5–6 years
- ❄ Best case → 3–4 years

Strong unit economics deliver steady cash flow and long-term expansion value.

Returns are driven primarily by EBITDA growth and valuation expansion, not just dividends.

PARTNERSHIP STRUCTURE

Joint Venture Model

- Mall partner provides long-term space within existing mall
- Investors fund full project capitalization (build-out + equipment + working capital)
- Winter Mall operates and manages daily operations

Revenue Structure

- Mall → fixed rent or 12–15% revenue share
- Investors → equity ownership + dividends + exit
- Founders → operations + growth execution

Aligned incentives. Shared upside. Risk distributed across partners.

Leadership Team

Ishola Olasunkanmi
Founder & CEO

- Research & Development
- Strategy
- Partnership
- Year of Experience 15+

Oyeyemi Oladimeji Rasaq
Operations Lead

- Facilities & on-ground execution
- Vendor coordination

- Infrastructure
- Systems
- Maintenance planning
- Years of Experience 8+

Supported by:

Legal • Compliance • Engineering partners • Mall operators

Hands-on execution team with direct operational control.

USE OF FUNDS

Total Capital Raise: ₦7.5B

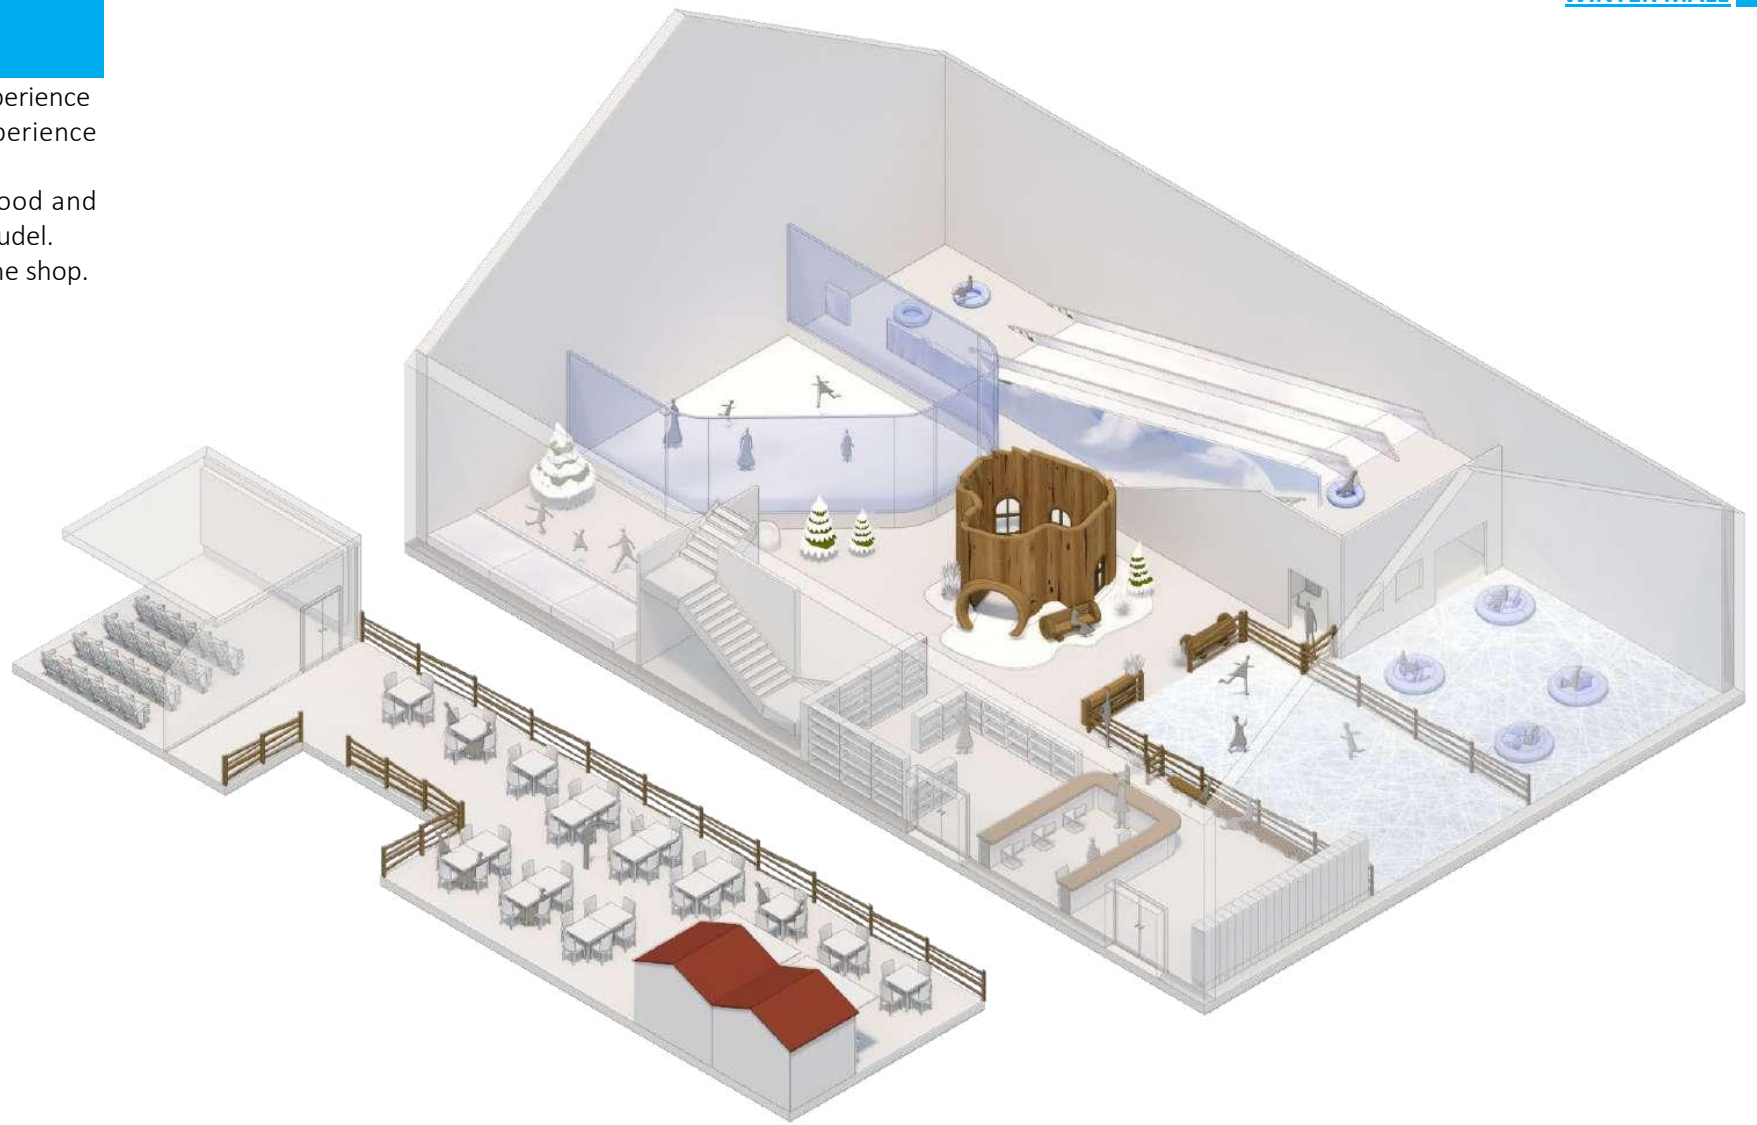
Category	₦	%
Snow Park Equipment & Installation	₦4.90B	65%
Facility Build-out & Utilities	₦1.00B	14%
Technology & Systems	₦200M	14%
Marketing & Launch	₦600M	8%
Working Capital (9 months runway)	₦600M	8%
Contingency Buffer	₦200M	2%
Total	**₦7.5B**	**100%**

Structured to fully fund construction, launch, and 9 months of stable operations with zero cash shortfall risk.

SMALL - 600 m²/ 6.460 sq.ft.

This small Snow Park offers you a real ice and snow experience at a nice temperature. Meet Miko and his friends. Experience the smoothness of ice and the cold of snow.
The first floor offers a small F&B where you can get food and drinks from the Alps, such as hot chocolate and apple strudel.
On your way out you can buy a memory of your visit in the shop.

Length:	30 m / 98,4 ft
Width:	20 m / 65,6 ft
Height:	min. 7 m / 23 ft *
Area:	600 m² / 6.460 sq.ft.
Instant cap.:	157 p (incl. f&b)**
Operational staff:	25 p
Temperature:	15-21°C / 59-70°F
Snow Area:	63 m² / 678 sq.ft.
Ice Area:	183 m² / 1.970 sq.ft.
Rental:	Ice skates
F&B + terrace:	60 p
Attractions:	3D Theatre Miko's House Ice Skating Snow Play Bumper cars on ice Snow Ball Challenge Ice Slides Interactive Climbing wall
Investment:	**Between 2.9 to 3.7 million Euro*** **



*. The required height depends on the choice of the attractions and the choice of having a mezzanine floor.
** The capacities mentioned are theoretical values. In practice, these values may differ.
*** Depending on level of theming, choice of attractions, etc. Ex works.
